- Ability to adapt quickly, willingness to learn, and communicate thoroughly, especially with other stakeholders

Financial Intelligence Unit (Location: Toronto or Calgary - Hybrid)

This project-based summer student role offers a unique opportunity to support the Financial Intelligence Unit (FIU) by combining business process documentation with creative reporting and visual design. The successful candidate will work closely with both the FIU Operations Leader and the Chief Anti-Money Laundering Officer (CAMLO) to help modernize how the FIU documents its work, reports on performance, and shares information internally.

- Partner with the FIU Operations Leader to identify operational processes that require formal documentation.
- Observe, research, and document FIU operational workflows, producing clear, professional, and easy-to-follow business process documents.
- Collaborate with the FIU management team to design and build a “Coaching Dashboard” template that managers can use to report individual productivity and provide feedback to staff.
- Work with the CAMLO to redesign and enhance the FIU’s quarterly AML report for senior and executive management.
- Develop a standardized monthly “Manager Report to CAMLO” template to support consistent reporting on team performance, project progress, objectives, and emerging issues.

- Review, organize, and visually enhance the FIU's existing SharePoint site to improve usability, consistency, and overall presentation.

Code of Business Conduct & Risk Initiatives Support (Location: Toronto - Hybrid)

This role will report to the Associate Director, Risk & Compliance

For the first part of the summer term:

- Responsible for tracking and maintaining documentation of disclosed activities submitted through MCAP's Annual Awareness Training (using SharePoint)
- Provide support for daily training completion and compliance reporting
- Support the monitoring and management of the Chief Compliance Officer (CCO) inbox to ensure timely response and escalation
- Coordinate scheduling and prepare calendar invitations for Line of Business (LOB) review meetings
- Prepare and compile materials for Line of Business Leader review meetings
- Assist with the preparation of Q2 quarter-end reporting deliverables
- Support the drafting and distribution of follow-up communications to staff
- Ensure strict confidentiality in all of these duties

For the latter part of the summer term:

- Support the population and management of MCAP's Vendor Repository (MVR) by working with stakeholders across MCAP
- Provide support to Vendor Relationship Owners on their use of the MVR and the completion of the vendor Criticality and Inherent Risk Assessment (CIRA).
- Monitor and maintain the quality of the entries in the MVR, including user access.
- Validate the information provided by Vendor Relationship Owners for new vendor onboarding
